Model : PKD Strapping Tool for Heavy-Duty applications

Competence

Competence for more than 70 years Know-how:

TITAN is the pioneer of the sealless-joint technology in the field of strapping with steel strap.

Technically fully developed and forward-looking designed TITAN sealless strapping tools are well-known for efficient and secure strapping. The TITAN sealless-joint has proven itself countless times world-wide.

Innovative

The TITAN PKD offers highest strap tensions in mobile application areas.

The robust design guarantees longest life-times especially in the field of heavy industries,

being developed specifically for this sector.

The modular design guarantees easy servicing of this tool.

The secured TITAN sealless-joint guarantees perfect load security for your product.

Technology

The continuous adjustment of the strap tension guarantees the optimal adaptation to the package. For securing heaviest packages up to 14,000 N strap tension can be achieved.

The PKD is designed for strap widths from 19 mm up 32 mm and all strap qualities. It adapts itself to the conditions on-site as mobile strapping device.

Technical Data

Tension force	≥ 14,000 N
Joint	sealless
Air pressure	6.5 bar

Steel strap

Strap width	19, 25.4, 32 mm / 3/4", 1", 1 1/4"
Regular duty	MEGABAND®
Strap thickness	0.8 – 1.0 mm / 0.031" – 0.035"
Strap thickness	0.8 mm / 0.031"
